## VACUUM & ATMOSPHERE SERVICES LTD

### REACT

#### **Respond**

Respond quickly to your needs, we understand downtime is costly, we understand your urgency and we understand the role we should play.

#### **Evaluate**

Evaluate the problem prior to visit ensuring correct equipment and spares are taken to site. Pre work evaluation with on-site Engineer to establish exact works to be undertaken and correct paperwork is in place.

#### **Action**

Action all repairs in a timely, orderly and tidy manner, ensuring our customer is back in production as quickly as possibly.

#### **Communicate**

Communicate all works undertaken and any additional works required prior to leaving site.

#### **Trust**

Trust VAS to complete all works, follow up any additional works and be professional throughout.
