

## **SUPPORTS OUR**

Our NHS, the many heroes that are employed in the NHS and all the volunteers serving us now, need our support. The NHS offers a world class service, especially in these very troubled times.

We are sure everyone is supporting the NHS by social distancing, staying at home, applauding our heroes on Thursday nights; only travelling for essential journeys and supporting our local communities.

We at Vacuum & Atmosphere, VPS and VPS (North) are supporting essential industries in the UK & Ireland but we feel we should do more, by working in partnership with our customers.

From Tuesday 14<sup>th</sup> April until 31<sup>st</sup> December, VAS, VPS and VPS (North) will donate 5% of any spares or service orders to our NHS.

Visit our websites or contact the below for further updates and information
